

**REMARKS**

This Reply is submitted in response to the Office Communication dated July 25, 2008. In the Office Communication, the Examiner asserts that the previous Amendment was not fully responsive because the language of Claim 1 was not clear.

Applicant has further amended Claim 1 to clarify that the "body" is a "human body." Applicant has also amended Claim 1 to clarify that the human body is not part of the invention.

Applicant believes that this Reply overcomes the Examiner's concerns. However, if the Examiner believes that further revisions to the claim language are necessary, the Examiner is encouraged to contact the attorney of record at the telephone number shown below.
